

Business Cooperation Offer in Europe

About Me

My name is Krzysztof Grzybek and I specialize in developing sales and building distribution networks in the European market.

I would like to propose a collaboration in which I could act as your company's sales representative/strategic sales partner in Europe, helping to build and expand your presence in this market.

What I Can Offer

- Knowledge of the European market — local regulations, consumer requirements, and effective sales channels.
- Contacts with distributors and retail chains — fast access to potential clients.
- Flexible cooperation model — commission-based or hybrid, tailored to your expectations.
- Promotional activities — building brand awareness through trade fairs, business events, and B2B campaigns.

I would be happy to arrange a short online meeting to discuss cooperation opportunities and adapt the market-entry strategy to your needs.

Sincerely,

Krzysztof Grzybek
